Fracture Prevention Recommendations for Long Term Care

by

Alexandra Papaioannou BScN, MD, MSc, FRCP(C), FACP
Professor of Medicine/Geriatric Medicine, McMaster University
Scientific Director, GERAS Centre, St. Peter’s Hospital, Hamilton

Monday, June 13, 2016; 8:00 – 9:00 am
Amphitheatre (live), The Ottawa Hospital Civic Campus, 1053 Carling Avenue, Ottawa
Also available on Webcast: http://webcast.otn.ca/mywebcast?id=47779664; or via OTN videoconference: Event ID # 47779664 in the following rooms at The Ottawa Hospital:
CCW 1492, General Campus; Amphitheatre, Riverside Campus

Learning Objectives:
1. Review the 2015 recommendations for preventing fracture in LTC.
2. Discuss enablers, challenges and barriers to implement the recommendations.
3. Present cases of high-risk patients with multiple chronic conditions.

This presentation will be available on video at www.rgpeo.com about 2 weeks after the event.
