

SPECIALIZED GERIATRIC SERVICES RESOURCE LIST

The following resource has been developed to assist primary care teams identify local geriatric services available to support them in assessing, managing and preventing falls in their geriatric patients. Geriatric services provide health care specifically related to aging, in particular, the frail elderly who have multiple health problems or who have difficulty managing on their own.

The resource is organized by area to facilitate finding the area of interest for your patients. Please scroll down or use the links below

[Eastern Counties](#)

[Ottawa](#)

[Renfrew County](#)

[North Lanark/North Grenville \(within the Champlain Region\)](#)

An updated list of physiotherapy fall prevention programs, exercise programs and community programs related to falls prevention can be found at www.champlainhealthline.ca
